Ref: (a) SECNAVINST 5510.30A
(b) COMNAVCRUITCOMINST 1130.8F

1. In order to improve suitability and security determinations, enhance military readiness, expand on personnel and security program efficiencies, and improve our ability to predict and budget for Personnel Security Investigations (PSI's), effective immediately, the minimum investigation for all new accession personnel will be the National Agency Check with Local Agency Check and Credit Check (NACLC). Although reference (b) currently requires the NACLC for most new accessions, this change will require the NACLC for foreign national accessions personnel.

2. To support current and future assignment determinations, the Department of the Navy Central Adjudication Facility (DON CAF) will adjudicate all NACLC's using reference (a) guidelines in order to determine security clearance eligibility for US citizens and sensitive duty assignment eligibility for all foreign national accessions.

3. A future revision to reference (a) will reflect this change.

4. The point of contact for this matter is Ms. Francine Stephens, who can be reached at (202) 433-8858, DSN 288-8848 or email at fstephen@ncis.navy.mil.
